

**WALK FOR WARMTH**  
33<sup>rd</sup> Annual Walk  
Saturday, February 24, 2018

January 3, 2018

Dear Friend of Community Action:

Many of our friends and neighbors are forced to make difficult decisions every day about how to meet their basic needs – do they purchase groceries or pay the electric bill? We need your help to work towards the day when families don't have to ask that question.

This year marks the **33<sup>rd</sup> Annual Walk for Warmth**, and you can help by organizing competitions to raise money, forming groups to walk at the event, organizing your own fundraisers to benefit the walk, or donating goods and services. Let's work together to make the long winter months full of warmth for everyone in our community.

For every \$300 we raise, Community Action will be able to help a local family stay safe and warm in their home. By reaching our goal of \$50,000, Community Action will be able to help nearly 200 local families in Branch, Calhoun and St. Joseph counties. With partners like you, we know we can make this happen.

So save the date and join us on Saturday, **February 24, 2018**, to raise awareness in our community. There will be food, prizes, and time to socialize with other community members – all while helping family, friends, and neighbors in need.

Enclosed, you will find a sponsor sheet and fact sheet about the Walk in your area, which makes it easy to make a difference. If you have questions, please contact me, Alysia Talamantez, at **(269) 441-1399** or via email at [alysiat@caascm.org](mailto:alysiat@caascm.org).

We look forward to hearing from you soon, and we'll see you there!

Sincerely,

Alysia Talamantez  
Executive Assistant to the CEO
