

Calhoun Community High School

A Public School Academy Chartered as the
Battle Creek Area Learning Center

Field Trip Authorization Form

Throughout the school year CCHS teachers arrange for learning opportunities away from the school.

Written materials about these trips will be sent home in advance with the students.

Typically, if the visit will be out of the Battle Creek area, the school will provide student transportation. Since many of our students drive, we will not obtain a written authorization from parents for each trip if the school is providing transportation, or if

- The student is driving him/herself
- The student will be riding with the person they ride to and from school with each day, a situation which the parents already know about and have approved.
- The student rides with a staff person

In all other cases the student must obtain written parental permission before they will be allowed to ride with another student. If they do not, they must ride with a staff person.

My signature below indicates that I understand and agree to the above stipulations and give my son/daughter permission to participate in field trips as arranged by CCHS.

Name of Student

Signature of Parent/Guardian
